

Dev Shujon

WEB DEVELOPER · WORDPRESS EXPERT · SEO SPECIALIST

PROFILE

Full-stack WordPress developer and Fiverr Pro & Top Rated Seller with 6+ years building production-grade websites, WooCommerce systems, and custom plugins. Focused on page speed, technical SEO, and conversion-driven UI. Every project ships clean, documented, and on deadline. Currently building multi-store management tools and scalable SaaS solutions on the WordPress ecosystem.

EXPERIENCE

Freelance Web Developer & Consultant

PRO · TOP RATED

Fiverr · devshujon.com | 2018 – Present

- Delivered 500+ projects across WordPress, WooCommerce, custom plugin development, and technical SEO for clients in 40+ countries
- Maintained consistent 5-star rating with under 2% revision rate across all completed orders
- Built custom WooCommerce multi-store hub system with real-time order sync, role-based access control, and product management
- Optimized 200+ sites for Core Web Vitals with average improvement of 40+ points on PageSpeed Insights

UI/UX Designer & Video Editor

Freelance · Client Projects | 2019 – Present

- Designed responsive interfaces for SaaS dashboards, e-commerce stores, and landing pages with modern design systems
- Produced promotional and explainer videos for product launches and brand campaigns using After Effects and Premiere Pro

WordPress Plugin Developer

Envato / CodeCanyon | 2022 – Present

- Developed commercial WordPress plugins following WPCS and Plugin Check standards with REST API and HPOS compatibility
- Built modular plugin architectures with custom database schemas, cron jobs, and WooCommerce integration
